

10th November 2021

Attendance at Royds

Dear Parents/Carers,

Thank you for continuing to support the academy during the previous half term. Over the course of this half term we have many new and exciting Attendance/Behaviour challenges taking place each week in the lead up to Christmas.

Attendance Challenges

Queue Jumps

Students who receive 100% attendance each week will go into a prize draw to win queue jump tickets for either break/ lunch time. There will be five queue jump tickets on offer for each year group each week.

VIP Dining Experience

For the next five Fridays, students from Years 7-10 who receive 100% attendance plus positive behaviour value points in lessons each week will go into a prize draw to win the ultimate dining experience.

This dining experience will include: an extended lunch break, having lunch in a private dining area, selecting their lunch from the set menu and having the Senior Leadership Team as their waiters!

During the final week of half term there will be a Christmas lunch where ALL students with 100% attendance and positive behaviour from the previous week will have the opportunity to have this experience. There will be 10 students in Year 7-10 and 20 students in Year 11.

TAG You're IT – Game On!

All students with 100% attendance and positive behaviour points from Tuesday 9th November – Thursday 16th December will be eligible to play Laser Tag on the final Friday of half term. More information will follow. Staff across the academy will be promoting this. Please encourage your child to attend so they are eligible to play and get excited about playing!

If your child is absent due to COVID please note it will not affect their participation in the challenges.

Many thanks,

Nick Carolan

Pastoral Lead of Attendance
